3-Year Extended Protection Plan: Terms

Plan no.	EPP-3Y-90417733
Plan holder	Alex Rivera
Covered product	Nordvik ADW-4820 Dishwasher, serial NV48-2203-1187
Purchased	2024-03-14 (Brightline order BL-2024-0314-55871)
Plan start	2026-03-14, the day after the 2-year manufacturer warranty ends
Plan end	2029-03-14
Administrator	Brightline Protection Services

1. What the plan covers

Parts and labor for mechanical and electrical failure from normal household use, including leaks from internal components, drain pump, heater, control board and sensors. Replacement may be offered if repair is not practical.

2. What the plan does not cover

Cosmetic damage, racks, filters and gaskets, damage from misuse or improper installation, pre-existing conditions, commercial use, and repairs by anyone not approved by the administrator. Owner repairs beyond the user manual's listed steps void the plan.

3. Making a claim

Email **protect@brightline-services.example** or call **1-800-555-0199**. Have your plan number, the original receipt, and the product serial number ready. A technician visit is scheduled within 5 business days. No deductible applies.

4. Cancellation

Cancel within 30 days for a full refund. After that, a prorated refund applies for unused months, less any claims paid.

5. Relationship to the manufacturer warranty

This plan begins when the manufacturer warranty ends and does not overlap with it. While the manufacturer warranty is in force, claims go to the manufacturer.
